

LTC 616 Athletic Administration: Management of Indoor Physical Plant Assets

This course considers spectator facilities, special use gymnasiums, natatoriums, laundry rooms and locker rooms, and the various systems that support them. Mechanical system checklists for use in regular inspections and maintenance programming will be provided. In addition, considerations and issues related to construction and remodeling programs will be discussed.

Enrollees who will derive greatest benefit: Administrators seeking guidance concerning management, maintenance and construction or remodeling of sport facilities and methods to enhance customer satisfaction and safety.

LTC 617 Athletic Administration: Administration of Interscholastic Sports Medicine Programs

This course examines the role of the athletic director and other school administrators in supporting and developing the interscholastic sports medicine program within a school or district. In this regard, topic coverage will include: (1) philosophy of sports medicine services; (2) roles and responsibilities of the Certified Athletic Trainer (A.T.C.); (3) roles of other members of the sports medicine team; (4) the high school sports medicine center – specifications and equipment; (5) helping parents, athletes and the general public understand the role of athletic trainers; (6) legal issues and risk management strategies; and (7) contemporary administrative issues and response strategies.

A series of appendices will also be developed to provide athletic directors and athletic trainers with helpful information. These appendices include: (1) physical plant floor plans and photographs; (2) contract format for employment of off-duty emergency response personnel for emergency care; (3) samples of multi-purpose student-athlete information card; (4) sample site-specific emergency response plan; (5) a descriptive sports medicine handbook for coaches and parents; (6) position proposal guide for Certified Athletic Trainers in secondary school athletic programs; (7) public presentation PowerPoint slides and bullet point lecture to develop for a sports medicine program; and (8) references and resources.

Enrollees who will derive greatest benefit: Administrators seeking methods to better support sports medicine programs in interscholastic athletic programs.

LTC 618 Athletic Administration: Management of Interscholastic Athletic Player Equipment

This course makes use of principles, strategies and best practices for fitting, adjusting, managing, reconditioning and maintaining athletic apparel, footwear and protective equipment. All methods and techniques discussed will be drawn from **American Equipment Managers Association standards and practices.**

Enrollees who will derive greatest benefit: Administrators who are inexperienced with techniques and methods for maintenance of competitive player equipment.
